**Subject:** RE: QAPP/FSP Addendum for Empirical Mass Balance Evaluation - Part 1 of 2

I hate to even ask -- but do you think someone at HQI needs to review this to ensure we are all on same page? Or here is yet another reason we need YOU ---- so you could review from the ST model perspective -- and what their data needs are to make sure this includes the right stuff based on all the conversations. Is this a worthy agenda item for next Monday? Just to confirm samples/analytes? anyway -- my random thoughts --- :)

The Passaic River QAPP/FSP Addendum for the Empirical Mass Balance Evaluation Project has been posted to PREmis digital library for your review. The document has been posted in two parts and can be accessed at: Superfund and WRDA Project Deliverables > Final Planning Documents > QAPP

Part 1, which contains the QAPP text and worksheets, is attached to this e-mail. Part 2 contains the attachments and Appendix A and will be attached to a separate e-mail.

Please contact me if you have any questions.

Thanks,

Jim McCann
